

Wednesday 19th	Event	Venue	
1030-1130	Registration/Boarding	Olympia terminal	
1130-1200	Welcome & Opening	Conference hall	Keijo Nenonen: Welcome, Hannu Idman: Opening, Boris Winterhalter: Invited speech
1200-1300	LUNCH	Buffet Serenade	
1300-1320	Deep water paleoenvironments and processes chair: Jørn Bo Jensen	Conference hall	Häusler et al. : Paleoceanographic variability in the central Baltic Sea during the last centuries
1320-1340		Conference hall	Harff et al. : The Late Quaternary Baltic Sea Basin – a modelling approach
1340-1400		Conference hall	Kostecki and Janczak–Kostecka: Spatial variability of the south-western Baltic Holocene sediments reflected by the geochemistry, diatoms and radiocarbon dating
1400-1420		Conference hall	Ryabchuk et al. : New data on the Neva River onset – results of INFLOW project for the Eastern Gulf of Finland (the Baltic Sea)
1420-1440		Conference hall	Kotilainen et al. : Do something - A message from integrated sediment and modelling studies of INFLOW project
1440-1510	COFFEE	Conference lobby	
1510-1530	Deep water paleoenvironments and processes chair: Jan Harff	Conference hall	Sivkov et al. : The Littorina and Postlittorina bottom currents variability in the Bornholm Deep
1530-1550		Conference hall	Jensen: Bornholm Basin: a key study area for distribution of methane in the Baltic Sea sediments
1550-1610		Conference hall	Witkowski et al. : Recent diatom assemblages of the Baltic Sea and their changes along the whole salinity gradient
1610-1630		Conference hall	Tuuling: Preglacial cuesta relief of the northern Baltic Proper
1630-1700	BREAK	CABINS AVAILABLE	
1700-1720	Shore displacement chair: Daria Ryabchuk	Conference hall	Rosentau et al. : A new Holocene shore displacement curve for the Narva-Luga area, eastern Gulf of Finland
1720-1740		Conference hall	Muru et al. : Palaeogeographical reconstructions and Stone Age settlement in the Narva-Luga Klint Bay, eastern Gulf of Finland
1740-1800		Conference hall	Vassiljev and Saarse: The timing of the Baltic Ice Lake in the eastern Baltic
1800-1820		Conference hall	Jeglinski et al. : Fossil lagoonal sediments on the western coast of the Gulf of Gdansk – a new data on processes forming coastal terrace in the late Holocene
1820-1840		Conference hall	Ušcinowicz et al. : 1500 years history of climate and sea-level changes recorded in coastal peatland of Puck Lagoon (southern Baltic)
1840-1850	BREAK		
1850-1940	BSG Meeting & IODP Info	Conference hall	Albertas Bitinas chairing
1940-	DRINK & POSTERS	Conference hall/lobby	
2100-2300	DINNER	Bistro Maxime	

Thursday 20th

0700-	BREAKFAST	Buffet Serenade	
0820-0830	INFO	Conference hall	
0830-0850	Seafloor mapping chair: Atko Heinsalu	Conference hall	Kaskela et al. : Emodnet Geology – European co-operation to create harmonious data on seafloor geology
0850-0910		Conference hall	Zhamoida et al. : Atypical under-water landscapes within the Russian part of the Baltic Sea
0910-0930		Conference hall	Nyberg: Combined land- and sea-based geological mapping along the coastline of Skåne
0930-0950		Conference hall	Apler and Nyberg: Mapping of cellulose fibre-laden sediments along the Västernorrland coast
0950-1010		Conference hall	Hämäläinen et al. : Geological inventories as a part of habitat mapping project FINMARINET in Rauma archipelago, Sea of Bothnia
1010-1030	BREAK		
1030-1050	Geochemistry and microanalysis chair: Kaarina Lukkari	Conference hall	Vallius: Heavy metals in the surface sediments of the Baltic Sea – any changes in 20 years?
1050-1110		Conference hall	Emelyanov: The biogenic components in the sediments of the Baltic Sea
1110-1130		Conference hall	Voll et al. : Device for taking samples from the BBL
1130-1150		Conference hall	Virtasalo et al. : Sulfur and iron isotope heterogeneity in pyrite fillings of Holocene worm burrows
1150-1240	LUNCH	Buffet Serenade	
1240-1300	Phosphorus geochemistry chair: Henry Vallius	Conference hall	Puttonen et al. : Spatial and vertical distribution of sediment phosphorus forms, northern Baltic Sea archipelagos
1300-1320		Conference hall	Kohonen et al. : Variations in quantity and species of phosphorus in the settling matter in the northern Baltic Sea archipelagos
1320-1340		Conference hall	Rydin et al. : The rise and fall of surface sediment phosphorus retention following a period of oxygenation
1340-1400		Conference hall	Karlsson and Malmaeus: Quantifying sediment-water exchange of phosphorus through mass-balance modelling
1400-1420		Conference hall	Jonsson et al. : Old clays - a forgotten source of phosphorus to the Baltic Sea
1420-1440	COFFEE	Conference lobby	
1440-1500	Beach processes and human settlement chair: Albertas Bitinas	Conference hall	Viška and Soomere: Decadal variations of simulated sediment transport patterns along the eastern coast of the Baltic Sea
1500-1520		Conference hall	Soomere and Viška: On the stability of Curonian Spit under changing wave climate
1520-1540		Conference hall	Tõnisson et al. : Analysis of relationships between near-shore hydrodynamics and sediment movement on Osmussaar Island, western Estonia
1540-1600		Conference hall	Tšugai et al. : Ground-penetrating radar study in the Jägala archaeological site
1600-1620	BREAK	Conference lobby	
1620-1640	Geological storage of CO2 chair: Hannu Idman	Conference hall	Nordbäck: Preparation for CCS in Finland – Carbon Capture and Storage Program (CCSP)
1640-1700		Conference hall	Shogenov et al. : Capacity and reservoir properties of prospective for CO2 geological storage Baltic Sea structures
1700-1720		Conference hall	Virtasalo et al. : Potential CO2 storage formations beneath the Baltic Sea
1720-1740		Conference hall	Sopher et al. : Re-processing of 2D seismic reflection data from the Baltic Sea
1740-1745	Closing words & Farewell	Conference hall	Aarno Kotilainen
1745-1930	DINNER	Buffet Serenade	

Friday 21st

0700-
0955-

BREAKFAST
end of cruise

Buffet Serenade
