

## Interested in Africa - EU cooperation in the Mining sector? How can Start-ups develop the mining industry?

**GATEWAY** is an EIT RawMaterials funded project with 14 European leading research, university and industry partners.

EIT RawMaterials, initiated and funded by the EIT (European Institute of Innovation and Technology), a body of the European Union, is the largest and strongest consortium in the raw materials sector worldwide.

EIT RawMaterials unites more than 120 partners from leading industry, universities and research institutions from more than 20 EU countries. Partners of EIT RawMaterials are active across the entire raw materials value chain from exploration, mining and mineral processing to substitution, recycling and circular economy.

Our ultimate goal in GATEWAY is to link EU and Africa universities, industry and research organizations with young talents and entrepreneurs in order to create a transparent, sustainable and innovative collaborative environment to solve raw materials sector problems and secure the flow of raw materials for now and generations to come.

The **GATEWAY** team will host an exclusive **GATEWAY event** on the **1<sup>st</sup> of October** and be present at the **The Joburg INDABA conference** in Johannesburg **October 2<sup>nd</sup> - 3<sup>rd</sup>**.

At the congress we will present our ideas about **GATEWAY** under the umbrella of EIT RawMaterials and the strategic framework and raw materials initiative of EU. We will demonstrate and interact European start-ups with local stakeholders for new collaborative ideas.

*Hope to see you in Joburg in October!*

## Register for the **GATEWAY** seminar with individual workshops and roundtable discussions

**Date:** October 1<sup>st</sup>, 2019

**Place:** N/A, Johannesburg, South Africa

**Entry:** Free

**For whom:** Mining Companies, Small and medium-sized enterprises (SME), Start-ups, Universities, Geological Surveys, Regional Authorities, Geoscience/Mining Research Organizations, Mining Technology Suppliers, Policy makers, Funding agencies

**Workshops:** Start-up/SME-University-Research-Industry interactions, Challenges, Cooperation, Solutions and Recommendations

**Language:** English

**Online registration:** <http://projects.gtk.fi/gateway>
